GreenEnco® Earns 2026 Great Place To Work Certification™

London— GreenEnco® is proud to be Certified™ by Great Place To Work®. The prestigious award is based entirely on what current employees say about their experience working at GreenEnco®. This year, 100% of employees at GreenEnco say it is a great place to work, compared to 54% of employees at a typical UK based company.

Great Place To Work® is the global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

"Great Place To Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience," says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place To Work. She emphasizes that Certification is the sole official recognition earned by the real-time feedback of employees regarding their company culture. "By successfully earning this recognition, it is evident that GreenEnco® stands out as one of the top companies to work for, providing a great workplace environment for its employees."

"Achieving the Great Place To Work® certification is a proud milestone for GreenEnco®," said Dr. Jyoti Roy, Founder & CEO. "From the very beginning, our vision has been to build not only a technically strong and innovative renewable energy advisory business, but also a workplace culture founded on trust, collaboration, inclusion, and continuous professional growth."

At GreenEnco®, our people are at the heart of everything we do. This recognition reflects the dedication, passion, and expertise of our team, who continue to support the global energy transition through high-quality technical advisory services across solar PV and battery energy storage projects.

As we continue to grow internationally, we remain committed to fostering a positive, supportive, and purpose-driven working environment where individuals can thrive, innovate, and make a meaningful impact."

WHAT MAKES GreenEnco®'S EMPLOYEE EXPERIENCE OR CULTURE PROGRAMS GREAT

“At GreenEnco®, we believe that building a great company starts with creating a great environment for our people. We pride ourselves on fostering a collaborative, inclusive, and flexible culture where every team member is encouraged to contribute ideas, take ownership, and grow professionally.

Over the past year, we have strengthened our people-focused initiatives through enhanced flexible working arrangements, structured professional development support, wellbeing initiatives, and regular knowledge-sharing sessions across our global renewable energy teams. This has helped create a highly engaged and supportive workplace culture where employees feel valued, empowered, and connected to the company's purpose.

Our culture is driven by a shared passion for accelerating the energy transition while maintaining a strong focus on teamwork, innovation, and mutual respect. We believe this people-first approach enables our employees to thrive personally and professionally while delivering high-quality technical advisory services to our clients worldwide.”

WE'RE HIRING!

About Great Place to Work Certification™

Great Place To Work® Certification™ is the most definitive “employer-of-choice” recognition that companies aspire to achieve. It is the only recognition based entirely on what employees report about their workplace experience – specifically, how consistently they experience a high-trust workplace. Great Place to Work Certification is recognized worldwide by employees and employers alike and is the global benchmark for identifying and recognizing outstanding employee experience. Every year, more than 10,000 companies across 60 countries apply to get Great Place To Work-Certified.

About Great Place To Work®

As the global authority on workplace culture, Great Place To Work® brings 30 years of groundbreaking research and data to help every place become a great place to work for all. Their proprietary platform and For All™ Model helps companies evaluate the experience of every employee, with exemplary workplaces becoming Great Place To Work Certified™ or receiving recognition on a coveted Best Workplaces™ List.
